Open Items:

Discussion regarding using same formula to provide equal gain (sound levels) of all recordings (shows and announcements). Currently, not everyone is using the same recording program, nor is everyone using the same db at final submission. Regardless of recording program, the same db should be used for all final submissions. Earlier standard was set at 94, some feel that may be too low for our use. Others are using 98.

>>>>We should agree on a number in the 94-98 range. Additional discussion between now and next week and decision at next meeting.

Zymurgy file in bottom file cabinet should have all Zymurgy scripts to be re-recorded. Per George, the club will have some new scripts coming for the new year.

New Business:

Asked Larry if he would update us on his conversations with other non-profit, LP stations regarding our groups' previous concerns ie: mention of monetary with non-profits and gospel hour. He would like to first meet with the Board and then review possibly at next meeting. Note: "My Grove", Spencer Morgan

John is looking to have his Buddy Holly Show air on Thurs., Feb. 2 (the last B.H. Show and day before his death). He has 5 hours to air. Group discussed options and John is looking at using his current one hour slots on Mon – Wed that week and then culminate with 2 hours on Thurs., Feb. 2.

Chuck noted the current PSA's sound very "dead", need to be better quality with sound in background. All agreed the station could use some type of sound booth on site for better quality recordings.

Larry noted he's aware of a company that wants to underwrite a "cocktail music" show between 4:30-6:00pm for future consideration.

Meeting adjourned 1:27

Next meeting Tues., Jan. 3, 2017 at 1:00pm in Round-Up Room
