Comments on Programing need based on recent airing.

- To many on air donation requests
- Boomer Club announcements sound like advertisement with call to action.
- Guy at Beardsley refused to play our station. We will check this out.

Linda has produced an Orange Binder with Program information & assignment chart.

Community Outreach reports by Maggie the following have been contacted:

- Farmers Market
- Medicare
- A-Z Connect
- Rotary – symposium
- Posse – upcoming special shows
- Prides – (same)

PSA's & Promos:

- Keith is working on setting up PSA's & Promos.
- John's old Promos are still a problem and need to be updated. Keith & Stephanie have taken care of their Promos.
- The Rail Road Club has requested promos for their up-coming events. Glen volunteered to write some scripts that we will review at the next meeting.
- **What is the flow of Promo requests?** The request is given to John (as Program Chair) who will make these assignments as to who and how the promos are done.

We still need pictures for the web site of those who are on-air personalities. Please get a picture and short bio to Linda ASAP.

Discussion on meeting location availability and suggestion re: using other room.

We will have a two hour workshop on Audacity and Announcements prior to our next meeting. Ron will bring some material for review.

Respectfully submitted: Larry Anderson
